<p>¹ GCA's organization serving the Central Campus is tailored to meet the needs of that campus' schools and departments. It differs substantially from the common structure used for the four YSM-serving teams. On Central Campus, the GCA Office is headed by an Assistant Director for Central Campus, Ms. Tracy Coston. Ms. Coston is responsible for accomplishing GCA's mission on Central Campus; for developing and implementing the office's service strategies; and for cultivating strong partnering relationships with the schools, departments and faculty involved in sponsored programs on Central Campus. She is the leader directing GCA's services on this campus. Day-to-day operations and office management are accomplished by an operational team of experienced Grant & Contract Managers supported by a Grant & Contract Coordinator and a Senior Administrative Assistant, who report directly to the Assistant Director for Central Campus.</p>
