## Transition of Oracle Grants Management (OGM) Setup for Sponsored Awards and Outgoing Subcontracts

Grant and Contract Administration (GCA) and Grant and Contract Financial Administration (GCFA) have been collaborating with representatives from the Office of Research Administration IRES Project Team to restructure the award setup process in conjunction with the implementation of Yale's new pre-award system, IRES Proposal Tracking.

Effective Tuesday, June 1, 2010, OGM Setups for YSM sponsored awards along with the setup of all outgoing subcontracts will be transitioned to GCFA.

Following the successful pilot and transition of OGM award setup for Central Campus from GCA/ASU to GCFA, the decision has been made to continue the transition of YSM sponsored awards to GCFA, with the exception of Service Contracts, IPAs (W awards) and Clinical Trials (44 awards). GCA's Award Setup Unit will continue to be responsible for setup of W and 44 awards in OGM where the office of YSM Business & Financial Operations has the oversight responsibility for the post award financial management.

OGM award and subcontract setup materials will be distributed electronically by GCFA via the communication function in IRES Proposal Tracking. Please direct any OGM related setup questions or requests to the email box, [ogmsetup@yale.edu](mailto:ogmsetup@yale.edu) on and after June 1, 2010.

All other award setup related activities currently handled by the GCA Award Setup Unit will continue for the entire Institution, including compliance checks and award setup in IRES Proposal Tracking. Please direct any IRES setup questions or requests to their **new email box**, [IRES.Award@yale.edu](mailto:IRES.Award@yale.edu). Compliance questions should continue to be directed to [GCAC@yale.edu](mailto:GCAC@yale.edu).

Please note that the GCA Award Setup Unit will be decommissioning its existing e-mailboxes over the course of the next few weeks. All emails previously sent to [asu@yale.edu](mailto:asu@yale.edu) should be sent to the new e-mailbox [IRES.Award@yale.edu](mailto:IRES.Award@yale.edu) effective Tuesday, June 1, 2010.
